# Board of Education

These men are seldom seen in the halls or on the campus of our school, but they play an important part in the management of Bowie High School.....they are the members of our School Board.

Few of us ever stop to realize that there is a tremendous amount of work to be done in order to keep our school running properly. This is accomplished through the untiring efforts of these men who give unselfishly of their time and energy to make our school a better place for us.

The following business men constitute our Board of Trustees: Curtis Latham, Clarence Newsom, Jess H. Whatley, Joalan Spears, M. Posey, E.W. Daley, Harve Ratliff, W.B. Alexander.

Our school has informed you of the world in which we live, of the history of man and his institutions, and of the history of nations. We have given you a sense of values, a perspective, and the capacity for logical reasoning, and we hope that you have a real degree of understanding and wisdom. If you use a sense of moral principle and integrity, you have the fruits of a true, real education. You have the foundation for real success and happiness, if you have learned that there must be a common meeting ground for all groups and individuals. Your Superintendent wishes you well.

Walter B. alexander

My wish for each senior is that your high school experience will help to illuminate the road ahead. I hope that the light will assist you in solving many problems of tomorrow.

#### THE 1947 FOOTBALL SEASON

With eight 1946 lettermen returning and a remainder of Cottontails and beginners, the 1947 Jackrabbit squad was not slated to made such a showing as it did the year before. Nevertheless, with a week of rest at Camp Perkins and its indid coaching staff, it turned out to be a bunch of pretty tigh customers after all.

This was first proved when they showed Olney they didn't ike the half time score of Olney 6-Bowie 0 and came back with a result of Olney 6-Bowie 14. They figured maybe ey might need a little special practice, so the next week took on the Class AA team of Quanah. While up there, y discovered they were playing a team called Indians with orange and black for colors, and before they knew it, they ran up a score of Bowie 27-Quanah 7.

In the following conference games the Rabbits continued to mount scores higher than the previous ones---Bowle 33-Decatur 12, Bowie 33-St. Jo 0, and Bowie 39-Jacksboro 12, until the Henrietta game when the tiled for a 33-7 tally.

I have a start of the field to the tune of Bowie 53-Newcastle 0. The Wichita Falls kowdies were even harder hit

by the Bunnies with a score of 50 -. The Rowdies had one rough player though, a tackle by the rest of the first of the fir

The Bowie High Basketeers recorded another successful cage season with a record of twenty wins and seven losses. High lights of the season were winning the second place honors in the Dr. Pepper Invitation Tournament in Dallas during the Christmas holidays drubbing the Birdville Bisons in a college curtain-raiser at Will Rogers Collseum and winning the Wichita Falls Junior Chamber of Commerce Invitation Meet championship at Hardin College in February. Considering the loss of nine lettermen from the 2nd place state meet team of the previous season the Jackrabbits had great success. All four teams that won games from the Bowie boys later won their districts and two of the teams won their regions. Most of the letter boys will return for prospects for another winning team.

#### Band

Under the capable direction of George Rucker, the B.H.S. Band has again displayed good show-manship. They have made several trips including the Waurika Band Festival and the State Contest at Denton.

An invitation to the Tri-State Contest at Enid, Oklahoma topped the honors. They are very proud of this for there will be keen competition from Texas, Oklahoma, Missouri, New Mexico, and Kansas.

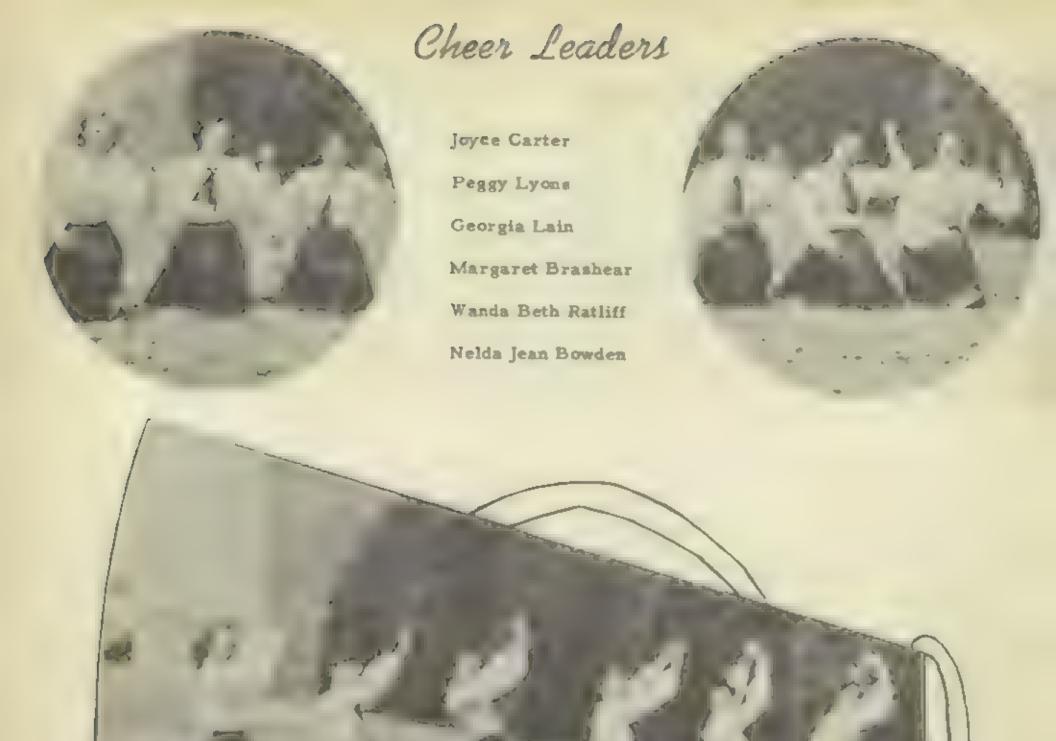

Despite the fact that they are losing eleven Seniors, the band continues to grow and improve and is headed straight for another successful season in 1948-49.
